

## **Midwest Video Solutions (MVS) Announces Acquisition of Celect Communications**

Strategic Move Will Increase the Reliability and Scalability Strengths of our Combined Services

**Westby, WI (July 16, 2024)** – On July 15, 2024, [Celect Communications](#) was acquired by Midwest Video Solutions (MVS) in a transaction that will allow the organization to increase the reliability and scalability strengths of our services.

“Integrating Celect Communications into the MVS family will provide both organizations with a broader range of service offerings, enabling us to better meet the diverse needs of our clients,” says Emily Call, Executive Director of MVS.

By uniting our organizations, we can extend our reach and enhance our offerings while maintaining the high standards of quality, reliability and personalized service that our clients have come to expect. If you have any questions or concerns, please don't hesitate to reach out to Emily Call. We are excited about the new opportunities and growth that this acquisition will bring.

### **About Midwest Video Solutions**

Midwest Video Solutions (MVS) is a headend and transport company, providing both a linear signal powering a traditional television experience via a standard set top box, as well as an adaptive bit rate signal that powers an HLS or streaming solution, allowing a customer to use their own device, such as Roku, Amazon Fire and/or Apple TV. MVS' mission is to be the preferred provider of live streaming services for local broadband providers, and prides itself on being member-owned and member-driven.
